

EVER, Nice, 18 October 2019
Lens & Cataract Section Business Meeting

1. Report of Section Chair Andrzej Grzybowski and Programme Secretary Ralph Michael

- 1 Course:
 - LC/COS - Intraocular lens basics
- 2 Special Interest Symposia:
 - LC - New concepts in cataract surgery
 - LC - Current and future options to treat presbyopia
- 1 Special Interest Symposium: with LC topic, but organized by MBGE only:
 - MBGE - Radiation induced cataract
- 1 Rapid Fire Session (3 rapid fire presentations)
- 13 posters (1 no show: F080)

2. Next year's meeting:

- Election of the 2020 Section Programme Secretary: Ralph Michael was elected
- SIS and Course proposals for 2020:
 - SIS: Stray light (Eppig)
 - SIS: Lens development (Quinlan)
 - SIS: PCO (Barraquer)
 - SIS: Anterior segment surgery - LC and RV Section (Grzybowski)
 - SIS: Genetic phenotypes - LC - COS - RV Section (Quinlan)
 - SIS: Cataract and Retina: AMD IOLs (Grzybowski)
 - SIS: Bioengineering in Ophthalmology (Grzybowski)
 - Course: Viscoelastics (Barraquer)
 - Course: Basic review of phaco technologies (Barraquer)
 - Course: IOL calculations after refractive surgery (Eppig)

3. General comments:

- Travel Grant selection based on abstract only is difficult - Two suggestions:
 - Applicants send their final poster as PDF at the time of application (Barraquer)
 - Selection is done at the congress (Michael)
- Programme should be checked to avoid speaker appointments at the same time in different sessions (Grzybowski)
- No possibility to turn down the light during presentations in room Rhodes 4 (Quinlan)

4. Other business: None

Ralph Michael
Lens & Cataract Section Programme Secretary

Andrzej Grzybowski
Lens & Cataract Section Chair
