

Business meeting, Nice. Section PBP

Attendants:

Prof. N.N Osborne. Prof. M Vidal-Sanz

Prof. Leopold Schmetterer

At the business meeting, the following items were discussed:

- 1.- The Chairman (M V-S) presented a brief summary of the financial situation of the Society and briefly explained the changes in the management of the Society.
- 2.- The issue of making the meeting less expensive and more attractive for young attendants (Residents, Master and PhD Students and young post-Docs).
- 3.- The issue of new avenues for the meeting. Look for cheaper avenues. The new venues should have less expensive palaces, affordable accommodation for young people and a nearby airport well communicated with Europe capitals.
- 4.- The issue of fostering young people participation at the oral sessions by increasing the number of oral communications in the form of rapid-fire presentations. Perhaps there should be more oral presentations dedicated to rapid-fire.

Cheers,

Manuel Vidal-Sanz
